These workshops will also count as Pony Club CPD for Coaches on the PC Coach Database

Who are these workshops for?

For people interested starting on the PC Assessor Pathway or as a refresher for those already assessing at any level.

What are the aims of the workshops?

- Discussion on questioning technique
- Practical observation and questioning
- Delivering appropriate feedback

What do participants need to bring?

Participants will need to bring copies of the 2023/24 syllabi for the level of test to be discussed – plus the level below and above so that progression can be compared.
