

Pony Racing Train the Trainers 2024

The National Racing College

13th February 2024

Train the Trainers CPD is a free event for experienced and confident coaches looking to coach Pony Racing. The CPD is aimed at both current Pony Club coaches wanting to develop their knowledge of Pony Racing, as well as existing Pony Racing coaches (for example, Jockey coaches) not yet assigned to a Branch/Centre who are interested in doing so in the future.

It is expected that all those attending the session have the intention of using the skills learnt on the day to develop Pony Racing in Branches/Centres and/or with the PRA.

The purpose of Train the Trainers is to:

- Provide an introduction to Pony Racing, and how The Pony Club, Pony Racing Authority, Racing to School and Careers in Racing work together as part of the Pony Racing Pathway.
- Explain the tack, rider PPE and equipment required for Pony Racing
- Demonstrate how unmounted activities can be taught to Members to improve their fitness and balance.
- Show how to safely coach Members on the gallops.

Timetable (approximate)
